

Publikationen

Prof. Dr. med. Ralf Kolvenbach

The role of periscopes and chimneys in complex aneurysm cases.

Kolvenbach R.

J EndovascTher. 2011 Oct;18(5):661-5

Total endovascular debranching of the aortic arch.

Yoshida RA, Kolvenbach R, Yoshida WB, Wassijew S, Schwierz E, Lin F.

Eur J VascEndovasc Surg. 2011 Nov;42(5):627-30

Safety and feasibility of a novel transcervical access neuroprotection system for carotid artery stenting in the PROOF Study.

Pinter L, Ribo M, Loh C, Lane B, Roberts T, Chou TM, Kolvenbach RR.

J Vasc Surg. 2011 Nov;54(5):1317-23

Endovascular management of ascending aortic pathology.

Kolvenbach RR, Karmeli R, Pinter LS, Zhu Y, Lin F, Wassiljew S, Meyer-Gaessner M.

J Vasc Surg. 2011 May;53(5):1431-7

Urgent endovascular treatment of thoraco-abdominal aneurysms using a sandwich technique and chimney grafts--a technical description.

Kolvenbach RR, Yoshida R, Pinter L, Zhu Y, Lin F.

Eur J VascEndovasc Surg. 2011 Jan;41(1):54-60

Anterograde recanalisation of the radial artery followed by transradial angioplasty.

Ruzsa Z, Pinter L, Kolvenbach R.

CardiovascRevasc Med. 2010 Oct-Dec;11(4):266.e1-4

Retrograde endovascular treatment of internal iliac aneurysm in a patient with Marfan syndrome.

Yoshida Rde A, Yoshida WB, Kolvenbach R, Pinter L, Vieira PR.

Vascular. 2010 Jul-Aug;18(4):235-41

A total laparoscopic technique for endovascular thoracic stent graft deployment.

Yoshida R, Kolvenbach RR, Ye Z, Yoshida W.

J Vasc Surg. 2010 Feb;51(2):504-8

Stand April 2016
